4. The How

‘Life Happens Outdoors offered an incredible Kilimanjaro experience that perfectly aligned with our vision. Their attentive guides and thoughtful planning not only ensured safety but also instilled confidence throughout the journey. The team's genuine commitment and enthusiasm for the adventure resonated with our team's personal values, making the trek an unforgettable and deeply fulfilling experience.’

Leen Madanat  
Kearney Digital and Analytics Consultant

## About Us

We are the leading adventure travel tour operator in the GCC. To date, we have completed over 300 expeditions on 5 continents with a 100% safety record. But, that's not all.

We empower humanity to answer the call to adventure. It has always been, and will continue to be about the people. We are the community that stands with you, that walks with you, and thinks of the bigger picture with you.

## The Why

- Company culture is the number one item on the list of new talent. It is also the reason why existing talent choose to remain. As businesses get more competitive in the hiring market, having the edge means everything.
- Business retreats are usually forgettable, often needing several throughout the year to reach minimal impact. On the other hand, an adventure with us will be an unforgettable and deeply transformative experience that creates life-long memories and bonds between your talent.
- Adventure extends far beyond the wilderness. An adventure mindset is one that is resilient, confident, and able to improvise creative solutions under pressure. Sound familiar?

## The What

- Office moral will never be the same again. We work with your team day-by-day to meet an end of year goal, whether it is to climb Kilimanjaro, trek to Everest Base Camp, or any other adventure in our catalogue. Nutrition plans, training, general coaching, and partner rates are just some of what we provide you with and work with your team on.
- We are wired into the communities that we work with, and so we are able to create the storyline, develop the logistics, and meet the requirements of achieving high-impact CSR projects that can be attached to the initiative.
- Everything is included from the moment you set foot on the ground in any destination.
- We provide professional photography and videography on the adventures to enable you, as a company, to advertise the achievement of your team on your social platforms, and as adventurers to focus on the task at hand.

## The How

It's as simple as getting on a call with us. Each of our partners has unique goals, talent, and restrictions. Our Chief of Business Partnerships will work with you directly on providing the best possible offer based on our understanding of your needs.
